

The July meeting was held by Zoom because state regulations prohibit meetings inside with attendance greater than 10 people because of the current pandemic.

The meeting was brought to order, and the Pledge of Allegiance was lead by N4BAJ, Bernie. The following members attended the Zoom meeting.

Each of the new officers was presented, and a plea from Brian KK4BK was to make sure to “bump elbows” and thank them for supporting the club.

Members were informed that July is the beginning of our Membership drive. Members should visit the South Wake website, membership section to download the membership form, complete it and mail (yes snail-mail) to the club PO Box.

Club members were asked about meetings, in-person, on the repeater and via ZOOM. Respondents still feel it is to early to meet in person, and that ZOOM provided a god opportunity to see club members during meetings.

Field day was June 27, and 28, and the South Wake ARC stood up a 3A station at the American Legion. Several other members operated as 1D or 1E stations being socially distant. KK4BK demonstrated how the logs could be created from N3FJP and uploaded to the ARRL Contest results website.

The meeting was concluded at 7:40pm.
